# My New Kitten

You are so lucky to have a new kitten!

We bet you are so excited and can't wait to have fun playing and caring for them!

Kittens are such fun and can be really silly sometimes! With any pet you will need to know how to care for them to keep them happy and healthy.

Some kittens can be really playful, however at first, they may be a little nervous about being in their new home. Remember your first day of school, we bet you were excited but maybe a little nervous. That's how your kitten is feeling.

We wanted to help you and your kitten become the best of friends and enjoy being around one another.

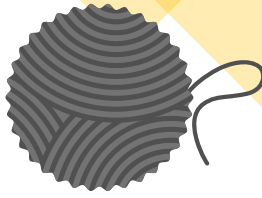

To do this you will need to learn to understand your kitten.

Kitten

# The Vetsure Kids Golden Rule

A really good way to understand your kitten is to think of your friends. Some of your friends may like playing sports, while others may prefer to paint pictures.

Kittens are the same, they don't play sport or paint pictures, but some kittens may like sleeping all the time and some may like climbing trees. Every kitten is different!

Kittens may all be very different but there is one rule that can be used for all of them:

**"If you should not do it to a friend at school,  
then you should not do it to your pet."**

What this means is, if you should not pull your school friend's hair, then you also should not pull your kitten's tail.

Remember, it is important to be kind to our pets.

favourite toy here

# Things to Remember?

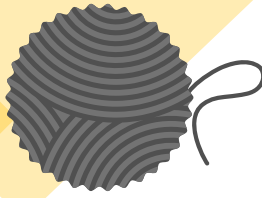

What can you do to care for your cat?

- ✓ All pets need food and water – you can make sure your kitten has fresh water every day and that you feed them the right kind of kitten food so they can grow big and strong and have a healthy tummy. Make sure not to feed your kitten human food as it can make them quite poorly.
- ✓ Your kitten will really love having a place to snooze or hide away. If your kitten is in their favourite hiding spot then they may be feeling a bit scared or just need some time to themselves, so be sure to give them space and leave them alone.
- ✓ Try not to grab them or hug them too tight. They are only small babies, and you could hurt them if you are too rough. However, make sure you give them lots of love and play with them!
- ✓ Never hiss at your kitten, you may think you are joking around with them, but to a small kitten in a new home it can be very upsetting and scary. Remember we must always be kind to our pets.

When your kitten is asleep, try not to disturb them. Growing kittens need their rest.

# This is my Kitten \_\_\_\_\_

We would love for you  
to send us a drawing  
of your little kitten!  
Your grown-up can  
email your picture to
